Prestigious Beachfront Residences - To Be Offered in
One-line with Approval to Adjoin

Located overlooking the tranquil Double Bay beachfront, an opportunity exists to purchase two garden apartments, side-by-side at "Edgewater" – a pet-friendly Art Deco building, c1938, of 12 residences with a level lawn where you step directly onto a secluded sandy beach.

With body corporate approval to adjoin, the opportunity exists to create an expansive 3–4-bedroom beachfront residence, like no other. With a north aspect, both apartments are sun-filled and present an extremely rare opportunity which is seldom offered to the market.
